FROM: Director of Central Intelligence

SUBJECT: Appreciation

1. I want to extend my personal appreciation to you for your work in developing and implementing the Intelligence Successes and Failures Seminar. As you know, I believe it is imperative that we, as an Agency, pass along the heritage of our failures and successes and that we expose our analysts to the best examples. Only in this way can we hope to avoid the pitfalls of the past and capitalize on our experience.

2. I understand that your Seminar has met with great success in achieving this objective. Your efforts have had a positive impact on our mission to produce and deliver the highest quality of intelligence to the policymaker. Your work is truly commendable and deserving of the Agency's highest regard.
